Do not install if product appears to be damaged. ⚠

Included Hardware:

A: Luminaire

B: Doby Mounting Bracket (If Applicable)

C: Pre-Installed 3M Tape (If Applicable)

Required Tools and Hardware:

- Driver
- Level
- Pen
- Drywall Cutting Tool

If installing with *Doby Mounting Bracket:*

- Drill
- Measuring Tape
- Flathead Screws
- Anchors (If Necessary)

Instructions:

Doby Mounting Bracket Installation

1 Turn power off.

2 Level and mark desired location of *Luminaire* (A).

3 Install *Driver* in desired location and bring power cord to the location of *Luminaire* (A).

4 If necessary, cut a hole in order to pull out power cord.

5 Measure and mark desired distance between *Doby Mounting Brackets* (B). Securely screw them in.

6 Connect *Luminaire* (A) to *Driver.*

7 Insert *Luminaire* (A) into *Doby Mounting Brackets* (B).

8 Turn power on.

⚠ Do **not** overload power unit if many *Luminaires* are connected to the same one. ⚠
