JAXSON SURFACE MOUNTED

This product must be installed in accordance to the national electrical code and all applicable local codes. Failure to do so may result in serious injuries. Proper grounding is required for safety.
Do not install if product appears to be damaged.

Instructions:

1 Turn power off.

2 Level and mark desired location of *Luminaire* (A).

3 Cut a hole of required dimensions, see <u>Surface Cutout Table</u>.

4 Install *Driver* in desired location and bring power cord to the location of *Luminaire* (A).

5 Connect *Luminaire* (A) to *Driver*.

6 Straigthen up spring brackets of *Spring Brackets* (B) and hold in place.

7 Insert *Luminaire* (A) in the hole and carefully release spring brackets.

8 Turn power on.

Do **not** overload power unit if many Luminaires are connected to the same one.
